FLOOR DEBATE

doesn't happen. Sometimes it's appropriate for me to quote a scripture, as some of my colleagues feel it's appropriate for them to pray up there in the morning. To him that hath shall be given; from him that hath not shall be taken even that which he seemeth to have. So for the big shots and the railroad companies, you will give. From the poor, you will take even what they seem to have. I think Senator Preister has brought a principled, moral amendment. It ties into the right that everybody should have to earn a living. These vehicles are absolutely essential. When you take that away, you take away that person's way to make a living. If I were a brick mason, and you took my tools, you've deprived me of my living. If you take away these people's wheels, bald though the tires be, you have taken away their opportunity to try to make a living. Senator Preister is not offering us an amendment that provides some great favor or benefit to people...

SENATOR CUDABACK: One minute.

SENATOR CHAMBERS: ...who are undeserving. All he is saying is don't add an additional burden to that which is already being carried by people who can scarcely stand up under the weight of the burden that has been loaded on them already. I never want to be among those Pharisees who Jesus said bind burdens grievous to be borne and lay them on other men's shoulders and will not touch them with one of their little fingers. Not only will I touch it with my little finger; I will take it with my hands, I will lend it my shoulder, the strength of my back and legs, and try to help my unfortunate brothers and sisters in every way that I can. This is a help thy unfortunate brother and sister amendment. Thank you, Mr. President.

SENATOR CUDABACK: Thank you, Sen...

SENATOR CHAMBERS: And I would ask (microphone malfunction) of the house.

SENATOR CUDABACK: There's been a request for a call of the house. All in favor of the house going under call vote aye, opposed nay. Record please, Mr. Clerk.
